

RIG WASH

PITCH-RESIN, SLUDGE, GREASE, OIL REMOVER

DESCRIPTION

RIG WASH is a special blend of selected non-ionic wetting agents, alkalis and synthetic surfactants designed to produce effective cleaning results in many soil-removing applications. It may be used on all metal and other hard surfaces painted or unpainted.

RIG WASH rapidly penetrates and emulsifies greasy, oily and grimy soils. It can be easily rinsed with water.

Non-combustible high-octane emulsifier, which is non-flammable, non-acid, biodegradable, non-corrosive and non-polluting.

RIG WASH will attach and remove dirt, grime, carbon, sludge, grease and oil etc.

APPLICATION

RIG WASH is recommended for use in oil rigs, pulp and paper industries, car washes, foundries, newspaper and print shops.

It is designed to clean, long haul rigs, oilrigs, car wash facilities, dairy trucks. **RIG WASH** can also be used in steam cleaning machines.

USE AND DOSING

Instructions are based on experience and are meant only as a guide since circumstances vary.

RIG WASH is most effective when used with hot water. Use preferably undiluted, handling as all chemicals, i.e. wearing protective equipment and observing the precautions as mentioned in the MSDS.

PRODUCT PROPERTIES

Avoid contact with acids. Compatible with all normally used metals and their alloys. It may swell on rubber/synthetic rubber. Incompatible with aluminum, zinc, tin and their alloys.

Appearance	Red liquid
Odor	Soft
Density at 20°C	1.05 ± 0.05 g/cm ³
Flash Point	None
pH (undiluted)	12.0 ± 1.0

- Powerful detergency.
- Can be used in all drilling areas of water base drilling fluids.
- Works as a highly effective oil emulsifier in all water conditions.
- May be used in high-pressure applications.
- May be used in steam cleaning units.
- May be used for manual cleaning.
- Cost effective, easy to use.
- Non-flammable, non-acidic, non-toxic, non-polluting.

PRODUCT CODE: 510001
